PROFILE

I'm a Systems Analyst student with no experience and wanting to enter the world of work. But what I'm really passionate about is web development. I am not an expert but I know how to function effectively, it is something that I like to do and therefore motivates me to continue learning. I consider myself a responsible, proactive and committed person, but above all wanting to work, gain experience and grow both professionally and personally.

SKILLS

- HTML
- PHP
- Css
- MySQL
- Python
- Git
- Javascript

WORK EXPERIENCE

ENGLISH TRANSLATOR

From 2021 - Current | Freelancer

I'm in charge of doing translations from Spanish to English on the Freelancer platform.

ARCHITECTURAL DESIGN AND RENDERS

From 2020 - Current | Black & White (House and Furniture Design Company)

I am in charge of the realization of photorealistic 3D renderings of interiors and exteriors based on architectural plans of houses, buildings or furniture. Software that I currently use:

- SketchUp
- V-Ray
